FYI, in going through the complaint and our objections to Bell's request for a variance from the City's dust regulations, I noticed a (seemingly minor?) discrepancy between par. 16 of the complaint and pdf pages 23-24 of our variance comments, re the status of Bell's CAAPP/FESOP:

[http://www.cityofchicago.org/content/dam/city/depts/cdph/environmental_health_and_food/PetCoke P...](http://www.cityofchicago.org/content/dam/city/depts/cdph/environmental_health_and_food/PetCoke_P...)

Looks like there's probably a 2012 FESOP out there? Keith led these comments, so I'm not as up to speed on the details of Bell.
